## Press Release

### Access Display Group Launches SnapFrames4Sale.com

#### Freeport, New York., October 1, 2010

Access Display Group, Inc. (ADG) a leading designer, manufacturer and distributor of changeable poster displays, sign frames and other signage display frame fixtures, has launched its new B2B e-commerce website [Snapframes4sale.com](http://Snapframes4sale.com).

[Snapframes4sale.com](http://Snapframes4sale.com) offers the web's largest selection of snap frames – a front loading, easy change poster and sign display system that can be customized to enhance any commercial or corporate space: retail stores, restaurants, hotels, showrooms, tradeshows, banks, and office buildings.

On [Snapframes4sale.com](http://Snapframes4sale.com), designers and architects as well as government and corporate buyers from all industries can find and customize their own display solutions, choosing from a range of freestanding and wall mounted units in a variety of sizes and finishes.

"Whereas many online display stores buy snap frames from China and offer a couple of popular sizes, [Snapframes4sale.com](http://Snapframes4sale.com) offers over 35 standard sizes," says ADG president Charles Abrams. "We have the capability to custom build large, 48"x96" snap frames and oversize frames as long as 144" -whether it's one unit or over a thousand units."

With in-house manufacturing capabilities, [Snapframes4Sale.com](http://Snapframes4Sale.com) constructs many of its custom snap frame sizes in its Long Island, NY factory. In addition to its own line of aluminum snap frame poster and sign frames, branded as "SwingSnaps," the company works with other select US-based manufacturers to offer an even greater selection of framing profile designs, including faux wood snap frames styles.

"Our new site offers standard e-commerce functionality plus a few features we built specially to make the product selection informative and easy for our customers," says Craig Abrams, marketing and sales director, ADG. "This is a very competitive online niche display product and snap frames are not something you take off the shelf and buy in the local store. By offering a bigger selection of snap frames, customers can find the right style at the right price to meet their signage framing needs."

#### About SnapFrames4Sale

[SnapFrames4Sale.com](http://SnapFrames4Sale.com), a division of Access Display Group, Inc, is a B2B e-commerce website offering the largest selection of custom snap frames on the web. Snap frames are a front loading sign and poster display system for retailers, restaurants, government agencies, and anyone who wants to make displaying their graphic materials a snap. For more information, visit <http://www.SnapFrames4Sale.com>.

#### About Access Display Group, Inc.

Access Display Group, Inc. designs, manufactures and distributes a range of display fixtures including its patented, multi-purpose SwingFrame display system. Based in Long Island, New York, Access Display Group has built display solutions for Staples, Verizon, Macy's East and Nine West as well as numerous government agencies and military facilities. For more information, visit <http://www.SwingFrame.com>.
